

School is in full swing, and despite the busy schedules our youth have, we were thrilled to have several members attend our monthly meeting. After the meeting, we gathered at the grotto to plant beautiful fall plants, adding a warm touch to the area.

We also had a great turnout for our monthly youth Mass, and our youth choir is steadily improving—it's wonderful to hear their voices grow stronger each week!

This fall promises to be very busy and exciting! Our teens will be participating in community service activities including Neighbor to Neighbor, supporting the Angel Tree project, sorting food for the Thanksgiving Food Drive, and preparing for the Christmas Pageant and hall decorations.

Our group is growing, and it brings us so much joy to see many students from the Sacred Heart religious education program returning and joining us. If your youth are interested in being part of this vibrant community, please feel free to contact me at 203-536-1172.

God bless,
Cecilia Bowers
